Preston Public Schools Board of Education Announcement

Virtual Meetings Begin!

The Preston Public School District is happy to reinitiate a Google meet format for Board of Education meetings to increase public access to Board dialogue and deliberations and to further promote openness in district governance. This approach is intended to provide additional opportunities for community members to observe the Board's work when in-person attendance may not be feasible. As we move forward, the district may make adjustments to the meeting format, technology, and presentation as we learn how to most effectively and efficiently share Board meetings with the public while maintaining the orderly conduct of district business. For our first virtual meeting, we will not take any virtual public comment as we sort out operational parameters. At future meetings, we intend to implement a process for virtual public comment.
